The Trustees and Local Governing Bodies of YCAT schools will support us in this role and, together with the Individual school's Leadership Team, will ensure the effective leadership of health and safety for the Trust and others affected by the Trust's activities.

Employees with management responsibilities will ensure that all significant risks are properly assessed, controlled and any measures implemented to mitigate risk are appropriately monitored. We regularly review these assessments, to ensure that the Trust complies with legal requirements and strives to achieve best practice.

We will maintain arrangements to consult employees, trade union representatives and others who may be affected by YCAT activities, to encourage a joint approach to the management of health, safety, and welfare.

The Trust expects all employees and those undertaking work on behalf of, or in partnership with, YCAT to take reasonable care of their own health and safety, for the health & safety of others and to co-operate with the YCAT in the performance of its moral and statutory duties.

The Trust will monitor health and safety performance and review its policies and procedures to ensure the achievement of best practice in all aspects of health and safety management.

The detailed health and safety arrangements are on the Trust's intranet and detailed withing policies and procedures held on Risk Manager. This enables document control, the sharing of best practice and promoting transparency. Each school in the Trust has their own Health and Safety Policy that sets out the Health and Safety Arrangements on each individual site. These are published on each school's website.
