100%	0	0

4. The school has provided a safe and friendly environment for my child.

Yes	No	Not sure
100%	0	0

Additional comments:

- From the first day to the last, our daughter has thrived at Lothersdale School. The staff from Headteacher to cleaner have been truly amazing, each and everyone of them cares for all individual pupils and ensures that they grow at their own pace and help them to strive to better themselves. The hard work that the teachers put in is commendable and we are truly blessed for our family to have been part of Lothersdale School.

ANALYSIS OF YEAR 6 PARENT QUESTIONNAIRE JULY 2019

- Our son is leaving the school in a positive frame of mind and we are very grateful for your support. Thank you.
- The best school by far for our daughter's' primary education. We will be so sorry not to be part of it after July.
- We couldn't have asked for a better school for my son. The ethos of Lothersdale School is very friendly and caring, and the small size means all the staff know every child, including their interests, needs and quirks. We felt that our son was well taught within the curriculum, and has also had lots of interesting opportunities to enhance his learning (museum visits, debating, guest speakers etc.) Above all, he was treated as an individual, and the staff created opportunities for him to do little projects or contribute to the school, based on his interests. He is well prepared for secondary school and has really enjoyed primary.
