

# EYFS - CLASS 1 - CURRICULUM PLAN - 2019/20

This plan forms the starting point for our learning ~ added to this will be the fascinations and interests of individuals and groups of children. Their ideas will shape our learning to include other exciting themes and questions to find out about.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
	Engagement - Playing & Exploring		Motivation - Active Learning		Critical Thinking & Creating	
	<b>Welcome to Lothersdale!</b> <b>Me and my new friends</b> 	<b>How can we help?</b> <b>Learn about charity</b> 	<b>People who help us</b> 	<b>Life Cycles</b> 	<b>Talk about Family History.</b> <b>Our Toy Museum</b> 	<b>Perfect Pollinators</b> <b>How can we help our world?</b> 
	New Beginnings	Getting on and falling out	Good to be me	Going for goals	Relationships	Changes
	<b>Autumn and Harvest</b> Life on the farm	<b>The First Christmas</b> Gifts and giving	<b>Winter in the Woods</b> Feed the birds (homemade bird cake)	<b>Spring</b> The changing season and the natural world	<b>Growth and New Life</b> Planting and growing	<b>Transition to Year 1</b> Our next learning adventure
	Children will generate questions and talk about the changes we see in nature at autumn. They will learn about wild animals and birds as well as farm animals we see whilst 'Out and About'. Children will have lots of opportunities to explore autumn colours through art. We will cook delicious autumn soup using Harvest vegetables.	As we learn about the First Christmas the children will learn songs and actions for their first school Nativity. We will discuss family customs and share personal experiences and favourite winter story books. We will explore textures and design in winter and festive crafts.	The children will learn about how people care for them and keep them safe. They will consider how they can look after themselves and others too.  Road safety Pills and medicines 999 - Emergency Services	The children will investigate plants and animals and their life cycles. They will observe similarities and differences and reflect upon the wonder of the natural world. They will think about how to care for animals and pets and use their imaginations to play pet shops and vets.	Children will investigate how to keep plants healthy and ensure they grow. They will help out in our school garden.  We will look at toys through the eyes of family and friends. The children will create a Toy Museum where they will compare new and old toys using historical clues to date and order the artefacts.	We are preparing the children for their move into Yr 1. They will reflect upon their time in Class 1 talk about how they are now ready for the exciting challenges ahead.  In the woods the children will continue to explore the changing landscape with a focus on mini-beasts. We will make bug hotels for them to shelter in on Garlic Island.
<b>Out and About</b>						
A year in the woods! We will enjoy seasonal change and exploring the flora and fauna in our local area. Each month we will have the opportunity to use our senses and learn about nature. We will enhance this with termly visits to our local church where we will share our learning with Reverend Collins and learn about significant events in the church calendar.						
<b>Let's Celebrate</b>						
We will learn about some of the different festivals that are celebrated in Britain, including Diwali, Hanukkah, Christmas, Chinese New Year and Eid, through the eyes of children and their families. Through music, art, stories and food we will begin to see how festivals bring families and communities together in celebration and remembrance.						
<b>We learn with open minds and respect for people and the world around us.</b>
