

17.9.21

Hello again,

Another busy week and the children have continued to take starting school in their stride. We have developed good relationships in Class 1 between the children and their peers and of course with the adults too. I can confidently assure you all that if there is a problem, if your child is unsure, hurt or just feeling a little upset they will talk to one of the class team, or we will notice them and help with kind words and a hug if it's needed.

This week has been filled with new experiences. Football with Tony on Monday and music with Mrs Turvey on Tuesday. Some children have started after school clubs and some are now attending Out of School Club for breakfast or at the end of the day.

Thursday was a treat (for the reception children and Y6s) as the buddies came with us to the woods for Class 1's very first school trip. The focus for this was to learn how to be safe in the woods which included; staying together, always staying with your partner, not touching berries or mushrooms and how to cross the road safely. The children wore our school blue waterproofs and wellies and really enjoyed their trip out.

Lunches continue to be a success; a school dinner hall is very different to the table at home but the Y6 servers help Class 1 beautifully. We have some good eaters and I have surprised a few of you by telling you that your child has eaten something they don't usually try at home! Please remember your child may still be hungry at the end of the school day (even if they have eaten a good lunch) so be ready with a snack at home time. It takes a lot of energy learning all these new things.

Thank you for your support with the end of the day routine - the children are walking to you all more steadily. Please remember to talk to the class team if you have any questions. We will always try to answer your questions or help with any concerns.

Best wishes, Mrs Bateman
