

9.9.21

Hello!

What a super week we have had together already! The sunshine has helped and the children have enjoyed lots of sand, building, story books, painting, shop and café play, netball and buddy time!

Dinners have also been a success with the Y6 buddies really caring for Class 1 and encouraging them to try Mrs G's delicious food.

The children were keen to take home their first picture book from Class 1 - they all chose a book they would like to share with you at home. Please keep it for a few days and return it via the book bag.

We also popped a little orange book in their book bag. Please use this as a home-school communication book. Let us know if your child says anything special about school, maybe the names of friends they have made or if they enjoyed doing something. Also let us know when you have read the picture book and we will change it for another.

We would like to speak to you in person on the playground (now that we can!!) but this little book can be a helpful extra.

The children are a delight and are already forming lovely friendships which are so important to their happiness at school.

Please remember to ask if there is anything you need.

Mrs Bateman, Miss Gallagher and Miss Grundy
